

# Acknowledgements

The President has identified some key contributors for the development of this guidance in his Introduction. However, there are many more individuals and organisations who have contributed to the revision of the older chapters and the production of their replacements. We hope to have included all those who generously provided their time and expertise below.

Section	Lead Adviser/s	Reviewer/s
Key Points	Dr John Curran, Nottingham Mrs Madeleine Wang, Patient Liaison Group	Dr Tim O'Carroll, Leicester
Pre-operative Care	Dr John Curran, Nottingham	Dr Griselda Cooper OBE, Birmingham
