

# Diary of Courses and Events approved for CPD

This Diary details events which have been approved for CPD credits by the College. The Diary is updated on a weekly basis and includes a direct link for further information where this has been supplied by the event provider, although the College is not responsible for the content of any other websites linked to from this Diary. For ease of reference, all events which have been approved in the previous seven days will be highlighted in yellow.

The College welcomes applications for CPD approval of courses and events and there is no charge for NHS Trusts and hospital boards, registered charities, specialist societies and associations. The event information is reviewed by an experienced CPD Assessor and all approved events appear here and in the [College CPD Online Diary](#) and the CPD [web app](#). Approved events are eligible to use the Revalidation logo, which is a registered UK trademark, in their supporting promotional material and on their delegate attendance certificates.

Events which are organised by the College and by the Faculty of Intensive Care Medicine and the Faculty of Pain Medicine are also externally reviewed and attract CPD credits. For full details about these, please refer to the [Calendar of Events](#) on the College website.

For further information about CPD approval, please contact [cpd@rcoa.ac.uk](mailto:cpd@rcoa.ac.uk).
