

ACCS Trainer's Day

Thursday 7th May 2020

Venue: Royal College of Anaesthetists, London

Registration: Free

Clinical Content Leads: Karine Zander and Dan Becker (Co-Chairs IACCST)

This event is aimed at all those involved in ACCS training for trainers from all 4 ACCS specialties; Emergency Medicine, Acute Internal Medicine, Anaesthesia and Intensive Care

Clinical supervisors, educational supervisors, TPDs, Heads of School, STC chairs and anyone else interested in ACCS training.

This is a 1-day event which will focus on the new ACCS curriculum.

It will contain information about the content, the implementation plan and the assessment process for the new curriculum.

There will be opportunity for discussion and a Q&A with members of the CRG and ICACCST.

It will provide useful information to transmit to trainees and to prepare their region for the introduction of the new curriculum.
