You are invited to submit a poster for presentation at Anaesthesia 2021, on **18-20 May**. Given the significant impact that COVID-19 has had on elective surgery and recruitment to PQIP, we are expanding this year's poster competition to include **two categories**. If you have worked on a quality improvement or research project which falls into either of these categories, please submit a poster for a chance to showcase your work and to win a **£250 prize**.

1) A quality improvement or research project using PQIP data and/or that addresses one of PQIP's top five priorities for 2019/20

- Preoperative assessment
- Diabetes management
- Communication and multidisciplinary working
- Individualised pain management
- Enhanced recovery (including Drinking, Eating and Mobilising – DrEaMing)

2) A project which focused on changing perioperative care services or pathways in light of the COVID-19 pandemic.

We are particularly keen to see entries which are able to describe an evaluation of a new or adapted pathway or service, in addition to describing what the innovation is. Evaluations could be qualitative (feedback from staff or patients for example), quantitative (numerical data on processes or outcomes) or both.

Eligibility

The competition is open to all healthcare professionals or student healthcare professionals.
