

Supporting Figure D Proportion of CT scans reported by an outsourced service trends over time

The denominator is CT scans performed – does not include cases where a CT scan was not performed or unknown

Supporting Figure E CT scan reporting methods trends over time

Please note that the selection for type of reporting (by in-house registrar, outsourced service, etc.) was only introduced in Year 4. INCLUDES ALL PATIENTS IN THE DENOMINATOR, INCLUDING CASES WHERE A CT SCAN WAS NOT PERFORMED.
